Douglas Grunnet  
GuestDriver.Com

Dear Mr. Grunnet,

I wanted to take the time to thank you and your professional staff for hosting my sales team for a day of defensive driver & performance driver training during our recent sales meeting at your location.

Your facility and amenities were Top Shelf & very accommodating. The class room training your staff put on was very engaging for my team and well received. Your staff got us out on the race course to put our new found knowledge to work. The day went very fast. My group came away with a new found respect for how to handle situations as they arise in real world driving. The driving experience was once again very exciting and engaging for the whole team. This was not just another golf outing, it was great team building for the staff and knowledge they will be able to use the rest of their life in everyday driving.

The Autobahn Country Club is first class, from the wonderful club house to the awesome track.

I would strongly recommend a "Guest Driver Event" to anyone looking for a great place to hold a meeting and looking for a great team building event that their people will actually learn from.

Thank you and your professional staff for a wonderful event. I feel very confident that my sales staff left this meeting more informed how to handle certain driving situations with a lot more confidence. I look forward to using your facilities for future training events.

Kind Regards,

Scott St. Peter  
Vice President
